Re: EPA Approval of Work Plan for Additional Requirements, Nu-West Industries, Inc., Conda Phosphate Operations, July 11, 2011; EPA Docket No. RCRA-10-2009-0186

Dear Mr. Cagle:

The purpose of this letter is to approve the Work Plan for Additional Requirements submitted to EPA on July 13, 2011, pursuant to the Administrative Order on Consent, Docket No. RCRA-10-2009-0186.

Please note that the cover letter accompanying the Work Plan for Additional Requirements incorrectly refers to the document as the "Revised Draft Sampling and Analysis Work Plan." We have scheduled a conference call with Nu-West Industries on July 19 to discuss the "Offsite Soil Sampling and Analysis Work Plan Addendum." The due date for the submittal of that document remains August 5.

If you have any questions, feel free to call me at (206) 553-2964. Alternatively, you may reach me via email at: Magolske.Peter@epamail.epa.gov. Thank you for your attention to this important matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Magolske".
